

## **PATH OF LOVE ONGOING WORK**

The Path of Love has a program of ongoing work to support you on your journey. In the immediate future, we offer the following to help you stay with the work as you move into the world.

### **CELEBRATION OF LOVE**

This is a big celebration for both new comers & previous participants to come together to meditate, dance, be entertained by live performances, laugh like crazy and celebrate the essence of the Path of Love.... All are welcome!

### **BURN MEDITATIONS**

Burns are held regularly in Byron, Sydney and Melbourne. Generally we begin with a short sharing and then a Burn for an hour and a half to two hours.

### **AWAKENING OF LOVE (2 days)**

Awakening of Love is a unique and powerful two day workshop designed to shake the cobwebs off your heart, and give you a taste of the Path of Love. The group works with honest, loving self-exposure, supporting a connection to true value and essence through unique exercises and meditations. It is a wonderful beginning for the Path of Love adventure.

### **DEEPENING OF LOVE (1 or 2 days)**

A wonderful opportunity to come together for a time of nourishment and deep exploration; to journey again into your true longing and potential. It will carry the depth and safety of the Path of Love and give you an opportunity to revisit and reclaim your Path of Love experience as well as work with current issues. It offers a bridge to living your truth in the world and strengthening your ability to use the tools in your daily life.

### **PATH OF LOVE FACILITATED SHARING GROUP**

A safe supported space to explore, share, meditate and burn together. This is a safe place to deepen your process with the guidance of a Path of Love facilitator. It is highly recommended as an integration of your experience of the Path of Love process.

### **WOMEN ON THE PATH OF LOVE**

A three day Journey for Women into a deep exploration of feminine issues and of your divine feminine essence. A place to find your true voice and claim your innate intuition and wisdom.
